

INTENSIVE SUSTAINABILITY MANAGEMENT WORKSHOP

KAYONAN

SUNDAY 26 AUGUST - SATURDAY 1 SEPTEMBER 2018 AT KUL KUL FARM IN BALI

WORKSHOP OVERVIEW

You will spend 5 engaging days and 6 nights immersed in the topic of sustainability at Kul Kul Farm (KKF) at Green School Bali. KKF is a permaculture farm tucked away in the beautiful tropical Ayung river valley in Bali. This charming site was carefully selected to enhance your learning experience. You will learn about sustainability in a cozy and intimate sustainable learning environment.

If you think sustainability is good for business and our common future, and you're looking for ways to incorporate it into your lifestyle and your organization's strategy, operations, and innovation, this advanced training workshop is essential for you.

The workshop has been designed based on the practical question "How do we build and implement an effective, integrated and sustainable CSR and/or Sustainability Program in our organization?" To help you answer this question, you will learn about and gain practical hands-on experience with a set of highly effective and proven tools, methods and strategies (the VISIS Accelerator Toolkit) for mainstreaming CSR and sustainability practice into your organization's core operations and management strategy, whether you are a company, an NGO, an educational institution, municipality or small local government.

TOPICS COVERED

- VISIS Accelerator Toolkit as applied to: stakeholder engagement and management.
- The Business Case for Sustainability Management
- The leading Sustainability Frameworks, including GRI, ISO 260000, Global Compact, etc.
- Challenges and barriers to fully integrating CSR and sustainability into your business strategy/model.
- Creating integrated sustainability indicator frameworks and indices.
- Applied Systems Thinking to identify systemic relationships between indicators and Leverage Points for intervention.
- Innovation development and strategic innovation diffusion.
- Becoming an effective change agent leader and how to motivate others to be change agents.

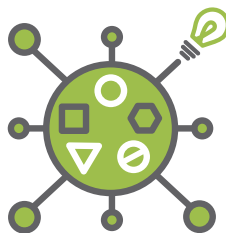

LEARN HOW CAN YOU BUILD AND IMPLEMENT AN EFFECTIVE, INTEGRATED, AND SUSTAINABLE PROGRAM IN YOUR ORGANIZATION!
